

## Elephantech Wins at the 8th JEITA Venture Awards

Elephantech Inc. (Head Office: Chuo-ku, Tokyo; CEO & CTO: Shinya Shimizu, hereinafter “Elephantech”) was selected for the 8th JEITA Venture Awards.

The winners of the 8th JEITA Venture Awards were selected by the Japan Electronics and Information Technology Industries Association (JEITA) after screening and selecting venture companies that could contribute to the overall development of the electronics and information technology industry, to economic development, and to the “new normal” post- COVID society from the three perspectives of growth potential, ripple effect, and sociability.

The award ceremony was held on March 28, and Elephantech CEO Shinya Shimizu gave an award winner’s presentation.

### Examination and Evaluation

Elephantech Inc. manufactures and sells P-Flex® electronic circuit boards that enable low-cost and reduced lead time through a unique method of metal inkjet printing with low environmental impact. The company has already established a mass production system in Japan that complies with ISO9001 (quality management system) and ISO14001 (environmental management system), and has begun offering mass-produced products to its customers. In addition, the company is actively disclosing information on reducing ecological burdens to realize a sustainable society and has received numerous inquiries from European and US manufacturers. Therefore, we judged the company appropriate for the JEITA Venture Award.

(Quoted from the JEITA Selection Results Notification)

This is based on results obtained from a project subsidized by the New Energy and Industrial Technology Development Organization (NEDO).
